Client Acknowledgement

I, (print client name) _____, certify that the information stated above is true and accurate to the best of my knowledge. I hereby authorize Compass Counseling Services, LLC (CCS), to bill my health insurance company or its representative for all services that I receive. I further authorize my health insurance company or its representative to make direct payment of benefits to CCS or its providers under the terms and conditions of my health care contract. It is my responsibility to understand my coverage, including co-pays, co-insurance, and deductibles. This also includes understanding what services are covered or not. It is also my responsibility to let CCS know if there is a change in my insurance or coverage.

In accordance with my health care contract, I understand that I am ultimately responsible for payment of all services. I agree that parents, guardians, or personal representatives are responsible for all fees and services rendered for treatment of a minor/child. **I will be held liable for any care provided to me, or to the client for whom I am legally responsible for, even when not covered by the insurance company. I agree to all payments, including co-pays, co-insurances, specimen collection, and deductibles. I understand that filing a claim with my insurance company does not relieve me from my responsibility for the payment of all charges.**

In addition, I authorize the appropriate staff at CCS to fill out any and all necessary paperwork or electronic claims required by my insurance carrier or managed care company, including but not limited to: treatment plans, insurance claim forms and termination of care information. I affirm that I have read, understand, and agree to the authorizations stated above.

Yes **No** I will complete an Authorization of Release so that CCS can obtain, release, and exchange my treatment information with my referral source.

Explanation of Records Release of Authorization for the Release of Protected Mental Health Information

For CCS to release, obtain, and/or discuss your private health information (PHI) with another provider, people, or agencies you may be affiliated with, you must sign a **Records Release of Authorization**. On the next page, you will be asked to authorize or refuse authorization for any release of information pertaining to your mental health treatment at CCS.

A separate **Records Release of Authorization** form is required for each individual/provider/entity/agency for which you decide to grant authorization to release, obtain, and/or exchange information regarding your CCS mental health records. You may decide what parts of your records you want to release. This form **will expire one year following the date signed unless revoked in writing**.

Common entities/people/agencies that clients provide authorization to include but are not limited to primary care physician (PCP)**, referral source, school, employer, previous mental health providers (therapist or psychiatrist), community agency, government agency, lawyer, etc.

****CCS encourages all CCS clients to provide an authorization to their Primary Care Physician to coordinate care.** CCS will share basic information (such as confirming that you are a CCS client) with your primary care provider unless a client asks to “restrict” this disclosure. Please consider using the next page to authorize your primary care physician.

For additional Authorization forms, please ask the Front Desk staff or download an additional copy from the CCS website or the “Patient Portal.” To request specific mental health records from CCS, please consult Front Desk staff to obtain a **Request of Documentation Form**. All requests will take a minimum of 7-10 business days to be completed. There may be a fee for the requested documentation, and clients are expected to pay all associated fees before receiving the requested documentation.
